The Arizona Culinary Institute was the vision of Chef Robert E. Wilson, former governor of Arizona J. Fife Symington III, former president of Scottsdale Culinary Institute Darren Leite and trucking entrepreneur and business leader Jerry Moyes. These individuals recognized the need in the Phoenix area for a culinary school focused on traditional French methods of cooking that would prepare its students for a career in the culinary field. The vision was for small classes and hands on training where the needs of the student were primary in every business decision. After a year of working with leaders in the Phoenix business, restaurant and education community, a business plan was developed which met their vision.

In early 2002 their vision became a reality when the Arizona Culinary Institute started its first class at 114th Street and Shea Boulevard in Scottsdale, Arizona. The school is positioned on one of the most beautiful sites in the Phoenix metropolitan area with views of the McDowell Mountains, a site which inspires creativity to both the chefs and students. The ACI location, well equipped classrooms and professional instructors which were part of the school from day one, continue to be the foundation that has led to the school’s success.

The original focus continues to be the guiding light which drives the school today – focus on your students and the business will succeed.

Please take time to carefully review our catalog. We have tried to make it as helpful and informative as possible. Please call us with any questions, we hope that you will come and visit our school.

Sincerely,

Robert E. Wilson
President and Co-Founder

These are need and non-need based federally guaranteed loans. If the student receives an amount that is “subsidized”, it means that while the student is in school, the federal government will pay the interest on the loan. Loan funds are disbursed directly by the U.S. Department of Education. Repayment on these loans begins six months after the student graduates, falls below half-time attendance or leaves school. For more information please contact the financial aid office.

Federal Plus Loans

This is a federally guaranteed loan for parents of undergraduate students. Loans will be disbursed directly by the U.S. Department of Education through the Direct Loan program. For more information please contact the financial aid office.

Various lending institutions offer loans to help cover the gap between the cost of your education and the amount of federal funds that are offered. A co-signer may be required to meet the program’s credit criteria. Interest rates are variable and are typically based off the prime rate. Contact the financial aid office for more information.

Tribal Funding

Students who are members of a Native American Tribe or Nation may be eligible for scholarships or funding from their Tribe. Please contact your Tribal Council for more information.

Students must complete the proper documentation as a record of their internship hours. Timesheets must be signed by the student and their supervisor at the approved internship site and be submitted to ACI on a weekly basis. Internship hours that have been accumulated will not count towards the completion of the 210 hours if the student is dropped from the program during their internship.

**Make-up Work**

Make-up work is at the discretion of each instructor.

**Leave of Absence**

Students who need to take a leave of absence may do so by contacting the Campus Registrar and completing a leave of absence request form. A leave of absence may not exceed 180 days in one calendar year. Students who have remaining days available and feel that they need additional time away from school may be granted an extension to their leave of absence or a second leave of absence provided they can establish extenuating circumstances. The following instances constitute “extenuating circumstances”:

- Medical (including pregnancy)
- Family Care (including care of immediate family member)
- Jury Duty
- Course Unavailable
- Military Duty

Students who do not return from their leave of absence on their specified date will be dropped from the program.

**Student Conduct**

Students understand that their demeanor reflects upon the school and each student agrees to abide by ACI’s Professionalism Codes during their period of enrollment. The student understands that excessive absences, failing grades, cheating, use of profanity, vandalism or other unsatisfactory conduct on or off campus will result in expulsion.
Satisfactory Academic Progress Policy

A student must maintain satisfactory academic progress during their course of study to remain eligible for financial aid assistance. Satisfactory academic progress is reviewed at the completion of each block (6-weeks) and progression is required regardless of whether or not a student received financial aid.

Satisfactory Academic Progress is measured by:

• The student’s cumulative grade point average
• The student’s quantitative grade point average (number of credits earned in relation to those attempted)
• The maximum time frame allowed to complete the academic term (150% of the program length)

CUMULATIVE GRADE POINT AVERAGE (CGPA) REQUIREMENTS

Students must maintain a minimum CGPA during their enrollment to be considered making satisfactory academic progress. A CGPA below the standard in the CGPA Requirement Chart is considered unsatisfactory progress and will result in the student being put on academic and financial aid probation during the next block.

CUMULATIVE CREDITS EARNED

Students who fail to complete the required 67% of all credits attempted will be placed on Financial Aid Warning.

• **Credits attempted:** Apply to all classes for which students receive a passing grade, or an “F”, “I”, “W”, “P”, “R”

• **Credits completed:** Apply to all classes for which a student receives a passing grade of “A”, “B”, “C”, “D”, and “P”

REPEATED CLASSES: Are classes in which the student received a grade of “F”. Students will only be allowed to retake each class one time before losing financial aid eligibility for that course. Failed classes will immediately be repeated and the student will not be allowed to move on to the next block until a passing grade is awarded. Repeated classes will count towards cumulative credits attempted. Credits completed will count only once, when a passing grade is awarded. The higher of the two grades will count in the CGPA.

TRANSFER CREDITS: Arizona Culinary Institute does not accept transfer credits.
MAXIMUM TIME FRAME TO COMPLETE

Students are expected to complete the program within the maximum time frame to complete, which is defined as the period of time no longer than 150% of the published program length and the number of credits attempted. Students may not attempt more than 81.75 credits and 11.25 months for the day program and 15 months for the night program. Students no longer receive financial aid after they reach these maximums and will be dropped from the program.

FINANCIAL AID WARNING AND PROBATION

Financial Aid Warning – Student’s satisfactory academic progress will be evaluated at the end of each block. Each evaluation will include a CGPA review and a review of the student’s cumulative credits earned. Students who fail to meet satisfactory academic progress requirements at the end of the block will be placed on financial aid warning for the next block, but are still allowed to receive federal aid. When a student has been placed on academic and financial aid warning for a block and successfully completes that block, that student will be removed from academic and financial aid warning. Students who fail to meet satisfactory academic progress requirements at the end of the block, will have their financial aid suspended unless they satisfactorily appeal and are placed on financial aid probation.

Financial Aid Probation – Financial aid probation will occur when a student has not successfully met the satisfactory academic progress requirement during the block they were placed on warning and has successfully appealed the decision to suspend their financial aid. Students will be placed on financial aid probation for the next 6 week block and are eligible to receive federal financial aid. Failure to meet Satisfactory Progress at the end of the Probationary block will result in the loss of all federal aid. Students may be allowed to repeat the courses but will be required to pay tuition expenses out of pocket.

Regaining financial aid eligibility – If a student successfully completes a block without receiving financial aid and meets the satisfactory academic progress requirements, they will regain financial aid eligibility.

Appeal – Students who fail to meet satisfactory academic progress standards and lose financial aid eligibility can appeal the decision. Students, who wish to appeal their financial aid termination status, may do so by requesting and then completing the appeal form located in the financial aid office. Appeals should be made within 15 days after the student is notified that they are not meeting satisfactory academic progress. Appeals must be submitted in writing to the Director of Financial Aid. All appeals must include supporting documentation and a completed Financial Aid Satisfactory Academic Progress Appeal form. Students will be notified in writing within 15 days of the Director’s decision. If an appeal is successful, students will be placed on Financial Aid Probation for the term in which the appeal was approved.

Acceptable reasons for an appeal include the following:
- Medical problems (self or family illness, hospitalization)
- Family emergency (death of immediate family member)
- Extenuating circumstances beyond a student’s control (house fire, forced to relocate, violent crime)
- Military Leave

Work conflicts are not considered to be acceptable reasons for an appeal.

Students, who wish to appeal their financial aid termination status, may do so by requesting and then completing the appeal form located in the financial aid office.
READMITTED STUDENTS
When a student withdraws or is dropped from the program and then later readmitted, their credits previously completed will be included when the student’s satisfactory academic progress is evaluated. If a student was on academic or financial aid probation when they left, they will return to the same status upon reinstatement. Reinstated students will return to the same block in which they left the program.

GRADUATION
Students must have a minimum cumulative grade point average of 2.0 and must have successfully completed all required credits to graduate. Students must also be current on all financial obligations to be eligible to participate in graduation and receive their Diploma.

Withdrawals
Students wishing to withdraw and terminate should do so in writing to the Campus President. The student’s termination date will be the last day of actual attendance. Students who have attended at least one day of class and initiate a withdrawal or are withdrawn by ACI will be assigned a grade of “W”.

Reinstatement
A student wishing to reinstate must do so through the Admissions Department by completing a new application, submitting a letter as to why they should be readmitted and their plan to successfully complete the program. Reacceptance will be based upon the student’s prior grades, attendance, conduct, and ability to meet financial obligations.

Students who are reinstated six months after their withdrawal date, excluding those on internship, will be charged tuition consistent with the current tuition rate and will be required to complete a new enrollment agreement.

Readmitted students with cumulative GPA’s falling below the minimum requirement will remain on probation until the minimum standards are met. Courses with a “W” grade must be retaken.

Return of Title IV Funds Policy

This policy applies to students who officially or unofficially withdraw from the program and who have received Title IV funds for the term.

WITHDRAWAL
The term “official withdrawal” refers to those students who complete ACI’s withdrawal process by either submitting a written request or by verbally communicating their intent to no longer attend classes at ACI. The withdrawal date will be the day these actions are initiated. A student who does not follow the above process or does not return from an approved leave of absence will be considered an “unofficial withdrawal” and the school will determine the student’s withdrawal date based upon federal regulations and institutional records.

THE CALCULATION OF THE RETURN OF TITLE IV FUNDS
Arizona Culinary Institute follows the Federal Return of Title IV Funds policy in determining the amount of Title IV aid a student has received and the amount which must be returned by the school and/or the student to Title IV programs.

In accordance with federal regulations, the amount of aid earned is calculated on a pro rata basis through 60% of the term. After the 60% point in a term, a student has earned 100% of their Title IV funds. The calculation will be based on the student’s last date of attendance and the date the school determines the student has withdrawn from school.

The percentage of Title IV funds earned by a student who fully withdraws is calculated by simply dividing the number of calendar days the student was enrolled by the number of calendar days in the payment period or period of enrollment. The earned percentage is then subtracted from 100%, which then gives the unearned percentage. The unearned percentage is then multiplied times the total disbursal of federal assistance which calculates the total funds that need to be returned to the Federal government. If a student withdraws after 60% of the payment period or period of enrollment, no funds will be returned.

Once it is determined the amount of Title IV financial aid that was not earned, federal regulations require that the school return the Title IV funds in the following order:

1) Unsubsidized Federal Stafford Loans  4) Federal Plus Loans
2) Subsidized Federal Stafford Loans  5) Federal Pell Grants
3) Federal Perkins Loans  6) Federal SEOG

If the amount of unearned Title IV financial aid disbursed exceeds the amount that is returned by the school, then the student (or parent, if a Federal Plus Loan) must return or repay, as appropriate the remaining grant and loan funds. The student (or parent, if a Federal Plus Loan) will be notified of the amount that must be returned or repaid.

Note: The above calculation of Return of Title IV Funds earned by the student has no relationship to the student’s incurred institutional charges. ACI’s refund policy will be applied once the Return of Title IV funds are calculated.
Harassment/Bullying Policy

Arizona Culinary Institute’s goal is to provide an environment for our students, staff and visitors that is free from harassment/bullying by any individual in or outside of our campus. ACI does not and will not tolerate harassment of our employees, applicants for employment or our students on the basis of race, color, gender, religion, national origin, age, disability or sexual orientation. The Institute recognizes the impact of harassment on absenteeism, academic grades, productivity and turnover, and recognizes that those who may be harassed/bullied may suffer adverse effects.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, verbal and written comments of a sexual nature, and/or visual or physical conduct of a sexual nature made by someone from or in the work or educational setting. Sexually harassing behavior may include, but is not limited to, the following:

- Any suggestive or unwelcome physical contact; any aggressiveness such as touching, pinching, or patting.
- Unwelcome sexual flirtations, advances, propositions, or leering.

- Actual or threatened physical assault.

Anyone who is subjected to offensive sexual behavior or any other form of harassment/bullying is encouraged to pursue the matter initially through Arizona Culinary Institute’s grievance procedures, or the means afforded them under Title VII or Title IX of the federal Civil Rights Act, as amended in 1991. For more information on bullying prevention visit the website www.stopbullying.gov.

Family Educational Rights and Privacy Act Information

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. This federal law applies to all schools that receive funding under most programs administered by the Department of Education. Each student is given the right to inspect and review his/her educational records, the right to seek to have the records amended, and the right to have some control over the disclosure of information from the records.

Educational Records are defined as those records directly related to a student and maintained by the institution or by a party acting for the institution. School Officials are those members of the institution who are deemed to have a legitimate educational interest, with access to educational records provided on a need-to-know basis. School Officials may include faculty, administration, clerical and professional employees and other persons who manage student educational record information.

Directory Information is defined as information that is not considered to be an invasion of privacy to the student if disclosed. ACI has defined Directory Information as the following: name, local address, local telephone listing, email address, place of birth, major, dates of attendance, degrees and awards received, photographs or most recent educational institution attended. Students or parents that do not want this information disclosed should request in writing for the students term that this information shall not be released.

FERPA requires that Arizona Culinary Institute notify students annually of their rights. Each year ACI sends out notification to students, providing information on these rights.

ACI’s Policy on Use and Release of Student Information

1. The right to inspect and review the student’s education record within 15 days of the day Arizona Culinary Institute receives a request for access.

   Student should submit to the Registrar written requests that identify the record(s) they wish to inspect. Students will either be mailed out the requested documents or allowed to pick them up from the Registrar’s office.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

   Students may ask the Arizona Culinary Institute to amend a record that they believe is inaccurate or misleading. Students should write the President of ACI, clearly identifying the parts of the record they want changed, and specify why it is inaccurate or misleading. ACI will decide within 45 days after the request is submitted whether to amend a challenged record. Students will be notified of the decision in writing. If ACI does amend the challenged record, the information in the record shall be corrected or removed and destroyed. If ACI does not amend the challenged record, the student shall

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
